AMENDMENT AND RESPONSE

Dear Sir:

In response to the Office Action of December 10, 2002, with a period for response
to expire after March 10, 2003, please amend the above-identified application as follows:

In the specification:

Please replace the paragraph beginning at page 4, line 17, with the following
rewritten paragraph:

--Another aspect of the present invention is a method of operating a well-logging
telemetry system having a downhole telemetry cartridge and an uphole telemetry unit
connected by a wireline cable. According to the method, the well-logging telemetry
system is operated to execute the steps of modulating a bit stream onto a plurality of
